

USSA Eastern Regional Championships

Okemo Mtn., VT Feb. 24 – Feb. 28, 2016

Two of the more popular masters racing sites, Okemo Mountain and Suicide Six will combine resources to host the 2015 Eastern Masters Championships. Okemo Mountain, host to the highly acclaimed four-event 2014 National Championship series and numerous National Speed Series and Eastern Championship events, will once again be hosting a DH, 2 SG's, and a GS as part of the 2016 Eastern Championships. The SL portion of the series will be held at Suicide Six, running out of the upper start.

Racers who have participated in speed events at Okemo in the past continually rave about the Chief Racing Trail with its speed, rolls, and masters friendly terrain. The DH, SG's and GS will all be contested on the Chief Racing Trail.

The SL portion of the Eastern Championships will be held at Suicide Six, which is a 30-minute drive north to Woodstock, VT. The Face of Suicide Six has long been one of the most favored racing trails in the East, and still lays claim to the longest ongoing trophy race in the country, the Fisk Trophy Race. The masters have been contesting the Bunny Bertram Memorial SL at Suicide Six since the inception of masters ski racing in the 1970s.

The DH and first SG will count for the Molecule F National Speed Series. All five races will be included in the Sise Cup scoring. The two SG's, SL, and GS will be scored for the Eastern Championship Regional Team standings. Note that you must start at least three of these races to be eligible for the Regional Team.

Information on fees, start times, discounted housing, and awards parties will be forthcoming in the fall.

Schedule

Feb. 24	DH training Okemo
Feb. 25	DH training/race Okemo
Feb. 26	SG race Okemo
Feb. 27	SL Suicide Six
Feb. 28	GS Okemo

Note: In order to participate in the DH race, you must have started at least one training run. The pre-race training scheduled for the 25th is tentative and may be cancelled due to unforeseen circumstances and the race start moved up. In that case, anyone who did not start a training run on the 24th will not be permitted to start the race.
