### ***Tiebreaker Notes***

Ties between competitors are decided by best result (best result, then next best, until broken; if finish records are equal in all races then lowest race points are used as the final tiebreaker criteria).

There were no ties in the A/B men's classes at the 2007 Western Region Championships.

*Note: The race points formula was designed to normalize relative finish times onto a roughly equal scale independent of discipline, with the scale based at 0 points for the winner and points for other competitors computed relative to the winner's time. The lower the points, the closer to the winner's time.*
