## **Tiebreaker Rules**

Ties between competitors are decided by best result in ranked finish order (best result, then next best, until broken); if finish records are equal in all races, then race points total from the common races finished by the tied competitors are used as an additional tiebreaker criterion.

*Note: The race points formula was designed to normalize relative finish times onto a roughly equal scale independent of discipline, with the scale based at 0 points for the winner and points for other competitors computed relative to the winner's time. The lower the points, the closer to the winner's time.*

**W06 (50-54)** – tie between Jane Eng and Sandra Schwinzer at 45 points. Tied on best ranked finish order, tie is broken by best (lowest) race points for Schwinzer (16.02) over Eng (18.22).
